Top 10 about you

My 1st Photo

I am looking for a woman 18 to 25 that wants to become my girl friend and passionate lover. The girl I seek will call herself a "simple girl" living a "simple life" but inside she will be passionate, adventurous and open minded having a desire to find out about what the whole world has to offer. If your experienced about anything I am a very patient teacher and will help you become a woman. I am not a demanding person, have a nice personality and am a lot of fun. I am looking for a partner that would like to travel with me and enjoy a comfortable life. Although I am older my approach to life is still very young and active but tinted with experience. I have the freedom to travel often but I am getting tired of traveling alone. Are you an open minded type of girl that agrees that adult relations and the passion of making love don't have to wait until marriage? If you are then I will be making several visits to the Philippines to come visit and get to know you? I am not looking for a house keeper. I want a lover and girl friend to be my partner and to enjoy my life with. The ideal girl would be extremely passionate, outgoing, adventurous, not conservative, and knows that she wants to be in a romantic and sensual relationship.
